A message to those in need of care

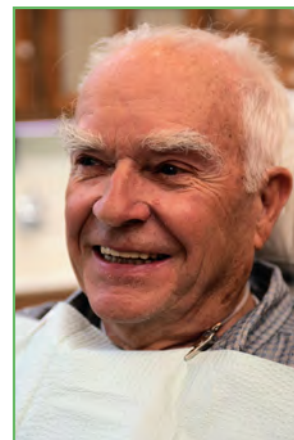

Individuals requesting this guide typically have two issues – a dental problem that cannot be ignored combined with scarce financial resources.

The providers listed in this directory care about you and your situation, and they do all they can (given limited resources) to meet the tremendous need for free and low-cost dental services throughout Oklahoma.

There are two types of clinics/programs listed – **free** and **low-cost**. If you have some financial means, the **nonprofit low-cost clinics** provide dental services at lower than average or sliding scale fees and the waiting period for an appointment is short.

Free clinics and programs provide services at no cost and are made possible by volunteer dental professionals and support staff. As you can well imagine, the demand for these services is great, but the supply of volunteers is limited. Patience and perseverance are keys to receiving care, because most have long waiting periods for restorative services (such as dentures and fillings). However, every effort is made to provide timely care to those in pain and at risk for infection. Calling more than one organization and becoming familiar with their processes will increase your likelihood for treatment.

We sincerely hope this directory helps you find the benevolent dental care you need.

Other options available for those in need

Did you know that **SoonerCare** covers all routine and diagnostic dental costs for qualifying Oklahoma children? For information, see the SoonerCare listing in the Statewide section of this guide.

If you're employed but your employer doesn't provide dental insurance, you may find Delta Dental's **Patient Direct** discount program, **PPO–Choice Advantage** or **PPO–Point of Service** programs to be a good option for you. For details, call 405-607-2100 (OKC Metro) or 800-522-0188 (Toll Free) or visit www.DeltaDentalOK.org.

Foundation News from Delta Dental of Oklahoma

Volunteers Needed for RAM Oklahoma

Remote Area Medical (RAM) Oklahoma will conduct its third free health care expedition August 16-17 at the state fairgrounds in Oklahoma City. The two-day event will provide free medical, dental and vision care to Oklahomans in need.

Barry Amos, DDS, of Designs in Dentistry serves as RAM's Dental Services Lead.

"As we approach our August 2014 event, I hope that many of my colleagues consider volunteering to help us help the thousands of Oklahomans who lack access to life-changing dental care," said Amos.

Delta Dental of Oklahoma Oral Health Foundation is a title sponsor of the event and is helping to coordinate the dental services area. We hope that you'll join us in making this year's RAM Oklahoma event the best ever!

If you are interested in being a volunteer, visit www.ramok.org/volunteer.

Scientific Day Showcases Student Research

Each year the University of Oklahoma College of Dentistry holds an annual Scientific Day where dental students, dental hygiene students and residents present findings from their research projects or describe new and innovative clinical techniques. Delta Dental of Oklahoma and its Oral Health Foundation sponsored the 2014 event and several DDOK employees attended to view the students' poster and oral presentations.

"Scientific Day serves to unleash the students' imaginations on oral health challenges and we're committed to supporting that," said John Gladden, Delta Dental of Oklahoma president and CEO. "Who knows? One of the research projects we viewed this year could be the foundation for a major oral health breakthrough in the future."

Above, DDOK Provider Relations Team Lead Kendra Hanke and Director Terri Green listen as Kaitlyn Jondahl (DH2) and Eryn Pennello (DH2) explain their research on acquired gingival recession.

Below, Amber Grover (DH2) presents her poster to Dr. Reiger Wood (left) and DDOK President and CEO John Gladden.
